

Federally Enforceable Applicable State Implementation Plan (SIP) **As Of June 2005**

The State Implementation Plan (SIP) is the cumulative record of all air pollution strategies, nonattainment area plans (NAPs), statutes, rules and ordinances implemented under Title I of the Clean Air Act by governmental agencies within Arizona. Revisions to Arizona's SIP must be submitted to the Environmental Protection Agency (EPA) by the director of the Arizona Department of Environmental Quality on behalf of the governor. Once approved by EPA, as published in the Federal Register, the provisions contained in the SIP revision become enforceable by the federal government as well as by the appropriate governmental entities of Arizona. The cumulative and complete record of SIP revisions that have been approved by EPA and that are federally enforceable in Arizona is called the "applicable Arizona SIP."

EPA has a website - <http://www.epa.gov/region09/air/sips/> - that contains action logs for the federally enforceable applicable SIPs in Arizona, California, Nevada, Hawaii, and the Pacific Islands. Action logs list the State and local air pollution regulations (with links to the regulations) that EPA has incorporated into the federally enforceable applicable SIP, under Section 110 of the CAA. EPA's primary contact for these action logs is Cynthia G. Allen at (415) 947-4120 or allen.cynthia@epa.gov. Secondary contacts include Andrew Steckel at (415) 947-4115 and Stephanie Shaw at (415) 947-4108.

Below is the action log for Maricopa County and the Maricopa County Air Pollution Control Regulations (without links to the regulations) that EPA has incorporated into the federally enforceable applicable SIP for Arizona.

Action log terms and abbreviations are as follows:

Adoption Date: The date the rule was adopted by Maricopa County Board Of Supervisors.

Date Submitted To EPA: The date the rule was submitted to EPA for review and approval.

Date Published In The Federal Register: The date of publication, in the Federal Register, of EPA's final rulemaking notice. EPA's final approval of a rule usually becomes effective 30 days after publication.

Federal Register (FR) Citation: The page number in the Federal Register of EPA's final rulemaking notice.
