Subdivision Name: _____ Lot #: _____

Additional Information:

- Upon receipt of this information, please note permit number for future reference.
- Owners are responsible for keeping accurate record.
- Onsite systems greater than 20 years old will require a new soils/site inspection.
- Pumping companies and/or general contractors can locate the tank and disposal

area for a fee. (Check local yellow pages)

- Onsite systems with a failed disposal area (bed, trench or pit) will require an

Alteration Permit prior to the repair taking place. The tank will need to be pumped to remove all solids and be inspected.

- Contact this office at 602-506-6616.
