Take advantage of Avēsis' member benefits

Who is Avēsis Incorporated

For the past 30 years Avēsis has developed, administered and refined vision care solutions for the commercial market. Today, we are rapidly approaching serving 10 million members in all 50 states and deliver benefits through a carefully selected, screened and credentialed provider network encompassing more than 53,000 points of access. We are a company that you can rely on.

What to expect in your Avēsis eye exam

The best eye doctors provide the best care. You'll get comprehensive care with an eye exam from an Avēsis doctor. Vision examinations analyze visual functions and can even detect other health care problems before the condition becomes serious.

Where you can find Avesis providers

Avēsis currently has a network encompassing more than 53,000 points of access. Our network is designed to give members a vast selection of choices to use their vision care benefits. Currently 68% of the Avēsis provider network is comprised of independent Optometrists and Ophthalmologists. 32% of the network are retail chains, offering convenient weekend and evening hours.

Why is vision care so important

Avēsis makes sure that maintaining healthy vision for you and your entire family is a priority. As a member of a vision program, you will be able to take advantage of a benefit that will help you protect one of your most precious gifts – your gift of sight.

How to use the Avēsis vision plan

You can start using your Avēsis vision benefit by locating a provider on our website at www.avesis.com/maricopa or contacting Customer Service at 1-888-211-4012. Once you locate a provider in your area, make an appointment. Upon arriving, present proof of insurance and pay any co-pays or charges for non-covered items. If you have additional questions about your Avēsis coverage, please contact Customer Service at 1-888-211-4012.
